

## **Vivera™ Retainer Upgrade option**

At the end of your/your child's active treatment, they will be issued retainers to be worn nightly to maintain the position of the teeth.

The options for retainers include inhouse retainers made by us, or Vivera™ retainers:

What are Vivera™ retainers?

Vivera™ retainers are clear plastic retainers custom made by Invisalign® to help hold your teeth in place once orthodontic treatment has been completed. It is a direct copy of what the teeth look like at the conclusion of treatment. You will receive 3 identical copies of the retainer, which means if you misplace one set, you can replace immediately with your next set.

Alternatively, we can make one set of in-house retainers free of charge. Please note that if these retainers need replacing in the future there is a fee of \$200 per retainer (\$400 per set).
